

SAIAN Whitening Treatment

1-800-291-1130

www.saian.net

Treatment

This unique and luxurious treatment infuses collagen, alpha arbutin, hyaluronic acid, Melanostatine 5, Nanopeptide 1 and Tyrostat into skin.

The result is younger and whiter skin after just one treatment with the SAIAN natural dry-freeze Whitening Collagen sheet mask and whitening product.

Benefits

Enhances moisture levels.

Lightens the skin, and fades dark spots.

Limits melanin production, blocks tyrosinase activity, prevents formation of pigmentation.

Reduces redness (erythema).

Oxygenates and stimulates collagen production.

Natural whitening alternative to Hydroquinone.

Application

1. Cleanse the decollete neck and face with **SAIAN Perle Cleanser**.
2. Dispense a small amount of **SAIAN Kojic Acid Gel** onto cotton rounds and massage Face and neck for 1-3 min. depending on tolerance. Keep away from eyes and mouth. Rinse with cool water.
3. For best results, use **SAIAN Enzyme Mask**. Blend a teaspoon of powder with warm water to make a smooth soft paste, and apply to the face for 5-7 minutes. Remove **SAIAN Enzyme Mask** with warm water.
4. Apply **SAIAN Active Whitening Mask** for 10-15 minutes. Remove with warm water.
5. Spray the decollete neck and face with **SAIAN Pure Alpha Arbutin Spray**.
6. Fold **SAIAN Whitening Collagen Sheet** mask in half over the client's face. Measure distance from the hairline to the nostrils. Mark and cut the mask to expose the nostrils.
7. Apply the dry collagen mask immediately over the face.
8. Spray with **SAIAN Pure Alpha Arbutin Spray** over the mask.
9. Dip sponges in warm water, squeeze out excess water, and press with moist sponges over the mask to mold the mask to the face.
10. If you have **SAIAN 4 Step Beauty System** machine, use it on "NUTRITION" mode rolling upward over the mask to increase absorption for 8 minutes
11. Turn on the steam over the mask, and allow 15-20 minutes for the active soluble collagen to penetrate by osmosis. (NO OZONE) Leave the **Collagen Mask** on the face for **NO LESS THAN 15 MINUTES**

Collagen Removal

1. Remove the collagen sheet mask by lifting it off in one piece starting from the neck.
2. Apply 2 drops of **SAIAN Anti-Hyperpigmentation Serum** to the whole face or spots.
3. Apply **SAIAN Anti-Hyperpigmentation Creme** to the whole face, focusing on dark spots.
4. Roll over the face with previously frozen **SAIAN Cryo-Globes**. (towel-dry before use to remove excess moisture)
5. Spray with **SAIAN Sunscreen Mist SPF 29**. Client should re-apply sunscreen every 2-3 hours as needed.

Repeat treatment once a week. Series of 6 or 10 treatments are recommended for the best possible results! To maintain a flawless and moist complexion, use **SAIAN** products daily: **Perle Cleanser**, **Pure Alpha Arbutin Spray**, **Anti-Hyperpigmentation Serum/Creme**, **Sunscreen 7.5% Kojic Acid** best to use once a week. **Whitening Mask** 2-3 times a week.
